

Congress of the United States
House of Representatives
Washington, DC 20515-1805

May 7, 2021

The Honorable Rosa DeLauro, Chair
House Appropriations Committee
H-307, The Capitol
Washington, DC 20515

The Honorable Kay Granger, Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Monroe, Rehabilitation of the Sewer Main between Texas and Standifer Streets in Fiscal Year 2022. The entity to receive funding for this project is the City of Monroe, Louisiana, located at 400 Lea Joyner Expressway, Monroe, LA 71210.

The funding would be used for improvements that are necessary to eliminate any Sanitary Sewer Overflows and to increase the capacity of the collection system to allow for projected growth in the City of Monroe, including the surrounding areas. Portions of the City's wastewater collection system were constructed a century ago and are now in a severe state of deterioration. In addition to this request for federal funds, the City is working with the State to identify additional funds for the project, compounded by any local funds to be made available. This specific project is a high priority for the City as they have recently experience detrimental failures to the system and are in an emergency response situation.

I certify that neither I nor my immediate family has any financial interest in this project.

I request you give this project every consideration, consistent with all rules and regulations. Thank you for your attention to this request. Please let me know if I can be of further assistance.

Sincerely,

JULIA LETLOW
Member of Congress
