The Honorable Rosa DeLauro
Chairwoman
House Committee on Appropriations
H-307, The Capitol
Washington, DC 20515

The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, DC 20515

Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting funding for the City of Alexandria, Water Main and Reservoir Improvement Project in Fiscal Year 2023. The entity to receive funding for this project is the City of Alexandria, Louisiana, located at 915 Third Street, Alexandria, LA 71301.

The funding would be used for making critical enhancements to the City of Alexandria's utility system's water infrastructure. The purpose of this project would be to develop a new drinking water reservoir site, as well as the rehabilitation of the existing Adam's Pump Station and water main connections. As the largest city in central Louisiana, Alexandria is an economic, primary health care hub for the region, and typically, the first choice for hurricane relocation refugees. Ultimately, this project will make the system more resilient against storms and provide greater access to safe drinking water for the entire City and its residential demands.

I certify that neither I nor my immediate family has any financial interest in this project.

I request you give this project every consideration, consistent with all rules and regulations. Thank you for your attention to this request. Please let me know if I can be of further assistance.

Sincerely,

Julia Letlow
MEMBER OF CONGRESS
