The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations

Washington, DC 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Town of Tullos Wastewater Collection System Project in Fiscal Year 2024. The entity to receive funding for this project is the Town of Tullos, located at 9887 S. Main Street, Tullos, LA 71479.

The funding would be used to make essential upgrades to the town's wastewater collection system, which will eliminate occurrences of discharge of sewage into the community. Additionally, it would ensure continuous operation of the wastewater collection system during power outages by installing generators at the three lift stations that do not have a secondary power source. This is a good use of taxpayer funding as it will repair failing wastewater systems that are a general threat to the health and safety of the town's residents.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family has any financial interest in this project.

I request you give this project every consideration, consistent with all rules and regulations. Thank you for your attention to this request. Please let me know if I can be of further assistance.

Sincerely,

Julia Letlow, Ph.D.
